HVAC  
Mechanical  
Roads  
Structural

The project comprises the development of an aircraft runway and taxiway, focusing on the design and construction of key components. These include the taxiway, connecting taxiways, and aircraft aprons numbered 6, 33, 31, 41, 8, and 5, along with the service road within the airside area. Additionally, the project encompasses the construction of a firefighting water tank, an airline office building with an area of about 500 m<sup>2</sup>, and an operations and control building with an area of about 500 m<sup>2</sup>.
